

REACH COMPLIANCE

ELBAG knows the obligations inherent to the REACH European Regulation and declares to proceed to a constant watch and that ELBAG will inform without delay their Customer of any possible event that could have an impact on the use of any article supplied.

In particular ELBAG declares that:

ELBAG will take any necessary measure in order to ensure the compliance with the Reach Regulation of articles supplied to its Customers

ELBAG verifies that its own suppliers (European and Non-European) will support their pre-registration duty;

The articles supplied are not subject to restriction or, otherwise, ELBAG will immediately inform the Customers

ELBAG will take all the necessary measures in order to provide the Customer with correct information about the articles supplied, and in order to satisfy any obligation, especially as far as SVHC substances (if any) are concerned

ELBAG declares that none of the SVHC Substances (Reach Regulation - art. 33-1 and successive add-on), are contained in standard production articles, and that therefore the Table of Articles Containing SVHC Substances is not attached to the present Declaration

The Company guarantees the correctness of the present information

Milan, March 2010
