A Phoenix Mecano Company

Declaration Of Conformity

Refers to EC Directive: 2002/95/EC and 2005/717/EC
Title: DecaBDE (Decabromodiphenyl Ethers)

With effect from 1st of July 2008, the exception No. 9a in EuRoHS Directive 2002/95/EC for "DecaBDE in polymeric applications" – constituted by the commissions' decision 2005/717/EC – has been annulled by the European Court Of Justice. Therefore the threshold of 0,1% on the basis of homogeneous material applies again for DecaBDE's.

Hereby we confirm that PTR's terminal blocks and multi-connectors do not contain

DecaBDE (Decabromodiphenyl Ethers)

or do contain DecaBDE's only up to a percentage of 0,1% on the basis of the homogeneous material. Due to the fact that this threshold is in accordance with the current EuRoHS Directive, our products still conform to EuRoHS.

Werne, May 2008
